Inside the program

Every element below is delivered by our own clinical team and captured digitally, so the school always has evidence, not paperwork.

Licensed counsellor

On campus five hours every school day, consistently assigned.

Free psychometric check

Age-band and gender tuned, with a visual wellbeing report.

1:1 counselling

Private sessions with role-restricted confidential case notes.

Grade-wise screening

Behavioural and emotional screening across every grade.

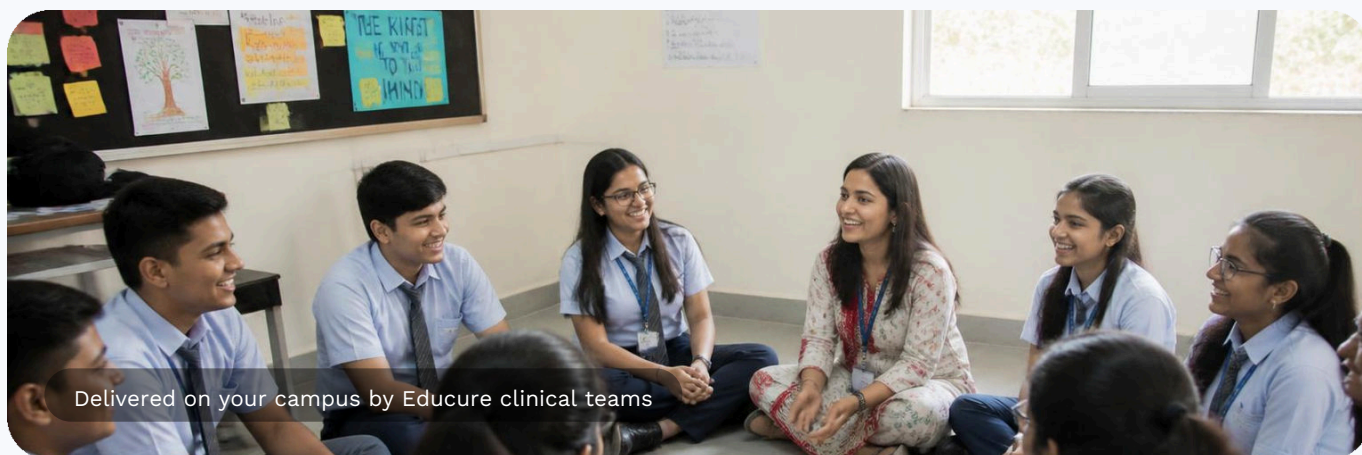

Teacher sensitisation

Workshops that equip staff to spot and support early.

Parent guidance

Sessions that help families continue support at home.

What your school gets

01

Early identification

Screening surfaces students who need support before issues escalate.

02

Confidential by design

Case notes stay inside the care team; schools see anonymised trends.

03

Whole-school support

Teachers and parents are equipped, not just the student.
