Inside the program

Every element below is delivered by our own clinical team and captured digitally, so the school always has evidence, not paperwork.

Doctor teleconsultation

Students reach a registered doctor whenever they need one.

Online counselling

Psychological support sessions delivered securely online.

Psychometric report

Free wellbeing assessment with a visual, parent-friendly report.

Lifelong health record

Every checkup, clinic visit and consult on one timeline.

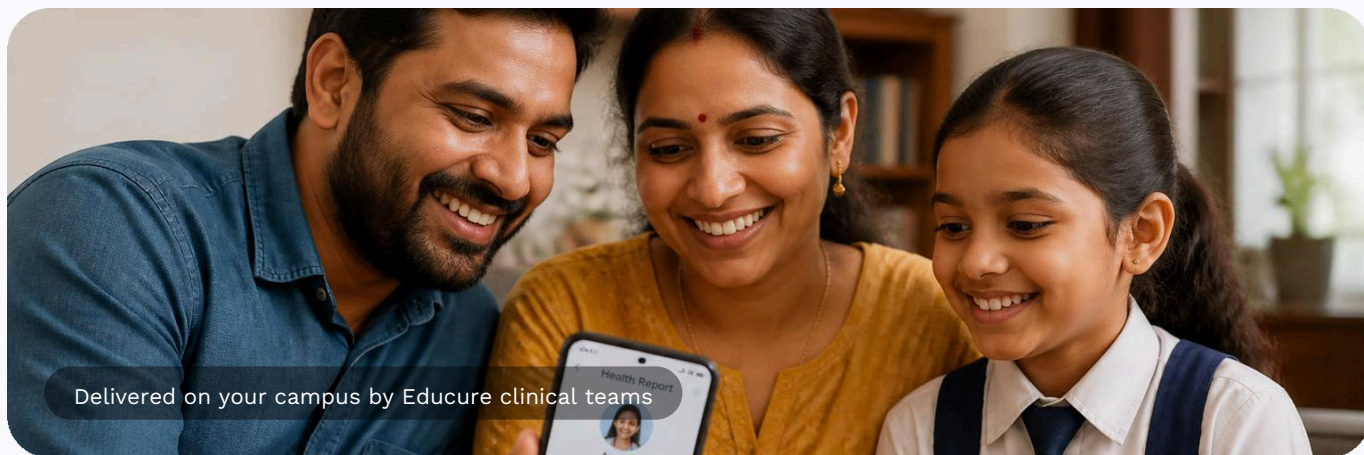

Parent login

Families view reports, advice and history from any phone.

School dashboards

Live coverage, flags and grade-wise health trends.

Delivered on your campus by Educure clinical teams

What your school gets

01

Care beyond camp day

Support continues all year, not only on screening day.

02

Data schools can act on

Live dashboards show coverage, flags and trends across grades.

03

Secure by design

Role-based access for school, doctor and parent.

Questions schools ask

Q Who can log in?

School, doctor and parent — each with role-based access to what they need.

Q Does the record continue?

Yes. Every checkup, clinic visit and consult builds one lifelong timeline per child.
