What your school gets

01

Camps in days, not weeks

Our doctors screen 400-500 students a day straight into the digital form.

02

Early detection

Vision, dental and nutrition issues are surfaced with referral advice.

03

One record for life

Each year's screening builds the child's continuous health timeline.

Questions schools ask

Q How long does a camp take?

A team screens 400-500 students a day, so most schools finish in one to three days.

Q When do parents get reports?

Individual digital reports reach parents within 24 hours of the camp.
