DIGITAL CHILD & SCHOOL HEALTH

School health, digitised for life.

Educure runs doctor-led checkups, campus clinics, counselling and a digital health record for schools across India — one continuous health story per child.

Programs for your school

Choose a single program or run them together as one wellness contract. Every program feeds the same digital record.

Student Health Checkup

INR 99 per student / year

Doctor-led annual screening on campus, digitised child by child.

- ✓ Growth, vision, dental, ENT, skin & posture
- ✓ Digital parent report within 24 hours
- ✓ School dashboard with flagged students

School Clinic & Nurse

INR 19,999 per month

A qualified nurse on campus daily, with doctor teleconsultation.

- ✓ Nurse on campus 6 hours every school day
- ✓ Medicines, equipment and infirmary management
- ✓ Digital visit log with instant parent intimation

Counselor Service

INR 17,800 per month

A licensed counsellor for five hours daily, plus free psychometrics.

- ✓ 1:1 counselling with confidential case notes
- ✓ FREE psychometric wellbeing assessment
- ✓ Teacher sensitisation and parent guidance

Digital Health Plan

INR 9,999 per month

Teleconsultation, online counselling and a lifelong health record.

- ✓ Doctor and psychologist consults, online
- ✓ One medical record per child, for life
- ✓ Live school health dashboards

Complimentary awareness sessions with every program

Nutrition, hygiene, oral care, puberty, posture and screen habits — age-mapped, delivered on campus.

One record, followed for life

Checkups, clinic visits and consultations build a single Health Passport per child, scored by our Health Radar and visible to school, doctor and parent.

1 Know Your School

Register the campus, contacts and strength in a 4-step form.

2 Plan approval

Choose programs and dates; we confirm the clinical plan in 48 hours.

3 On-campus delivery

Doctors, nurses and counsellors arrive; every record is captured live.

4 Continuous care

Teleconsults, counselling and dashboards run through the year.

Why schools choose Educure

Own clinical teams

Doctors, dental surgeons, nurses and counsellors on our rolls — not vendors.

Digital by default

Every measurement goes straight into the record. No loose paper.

Health Radar & Passport

AI-assisted wellbeing scoring and a lifelong passport for each child.

Board-ready evidence

Health cards and reports mapped to CBSE, state board and RBSK formats.

Delivered across India

Clinical teams operate in these cities and travel pan-India for school groups. The digital plan works anywhere with a connection.

Who we work with

CBSE / ICSE / IB schools

Board-ready health cards and records.

State board & aided schools

RBSK and NHM compatible formats.

CSR & government programs

Large-cohort screening with impact reporting.

Pharma & public health

School-based awareness and outreach partnerships.

Care that stays on campus, every school day

Nurses, doctors and counsellors backed by a digital record every parent can open.

Start with a school visit

Share your school strength and preferred dates. Our programs team responds within 24 hours with a city-specific quotation.
